projet

COMCRES. Vocational Workshops for rural colleges.

client

UNESCO Consultancy 1980

Project for the construction of 15 new vocational workshops. Each workshop provided facilities for training in agriculture, building, wood working, iron working, sewing and cooking with associated storage space.

The workshops, designed to suit the hot, humid island climate made use of local materials for much of its construction.

Total value of project US \$ 1 million

Funding by African Development Bank.
